COVID-19: CHANGES TO PUBLIC BENEFITS

KENTUCKY HAS MADE SOME CHANGES TO MAKE IT EASIER TO OBTAIN AND RETAIN PUBLIC BENEFITS DUE TO COVID-19.

What Are Your Options If You Are Under 65 Years Old And Lose Your Health Insurance Or Have None?

Medicaid

- During the COVID-19 State of Emergency, individuals who do not have insurance and who are under age 65, should complete an application to request Presumptive Eligibility under the Kentucky Medicaid program. Presumptive Eligibility Medicaid is temporary and ends on 9/30/2020 unless you submit an application for regular Medicaid.
 - Apply here:
<https://medicaidpeform.chfs.ky.gov/GenLogEX/Detail.aspx?TK=103&Item=0>
 - An application must be submitted for each individual needing Medicaid coverage.
- If you have limited income, you can apply for Medicaid anytime to see if you qualify for coverage. Kentucky expanded Medicaid coverage to people who did not traditionally qualify, whose income is less than 138% of the Federal Poverty Level. There are no resource limits for expanded Medicaid.
- To expedite the process of applying for Medicaid, applications can be made by calling the Kentucky Healthcare customer services line at 1-855-459-6328 or contact an application assister through the Kentucky Health Benefit Exchange website at <https://healthbenefitexchange.ky.gov>

Purchase Health Insurance through the Exchange

- If you have lost health insurance coverage in the last 60 days or expect to lose coverage in the next 60 days from your employer, you may qualify for a Special Enrollment Period to purchase health insurance through the Exchange.
- You can see if you qualify for a Special Enrollment Period and review available insurance plans to purchase at <https://www.healthcare.gov>.
